Quality

QUALITY! That's an easy word to say. "Everybody's doing it." But it costs us thousands of dollars each year to put ourselves in position to get our ideas of what quality ought to be into the big loaf of **HOLSUM**.

The finest materials money can buy—a model bakery maintained in spotless cleanliness—clean delivery in special waxed wrappers—all of this quality cost us a lot of money, but only costs you the effort to say, when you buy bread—"I want **HOLSUM**." It has a wonderful flavor.

HOLSUM

For Thanksgiving and Winter Use

Your refrigerator or ice box (the only difference between them is the price) is a cold storage warehouse on a small scale. It keeps milk, butter, fruit, vegetables and the remnants of every meal wholesome, sweet and fresh. It has become as necessary in the average home as the kitchen range. It is an agent which promotes comfort and economy.

You will be buying your Thanksgiving products ahead of time and the only way to keep them fresh and wholesome is to keep them in your Ice Box.

Ice means HEALTH, COMFORT and ECONOMY.

Ice will be the most essential item with that Thanksgiving dinner.

We are at your service.

Distilled Water

What will be nicer with that Thanksgiving dinner than a refreshing glass of pure distilled water?

No dinner will be complete without this sparkling, pure water. For your convenience we have this water put up in 1-2 gallon bottles.

Convenient to handle and will set in your Ice Box.

Prepare for Thanksgiving

You want to be sure your Thanksgiving Dinner is well cooked. Make sure of it by installing one of our many styles and sizes of Gas Ranges in your kitchen.

You will be thankful after you have a Gas Range, as it does away with work, worry, and is the most economical stove on the market.
